

Dear Toyota Customer Service,

I am the owner of a 2017 Toyota Sienna currently located in Europe.

To comply with local Low Emission Zone (LEZ) requirements, the European authorities require documentation from the vehicle manufacturer confirming the vehicle's emissions standard or an equivalent statement to the European Euro emission standard.

Below are my vehicle details:

Model: Toyota Sienna

Model Year : 2017

VIN: 5TDZZ3DCXHS813972

Engine Type / Size: 3.5L Gasoline, V6

Country of Registration: United States

Plate : 167JYD / State of Oregon

I would like to kindly request an official letter or document confirming this vehicle's emissions compliance level (for example, EPA Tier 2 Bin 5 or equivalent Euro standard).

This document will be used solely for European LEZ registration purposes.

Please let me know if there is any additional information required to process this request.

As I am currently traveling in Europe, I would appreciate it if you could contact me via the email address provided below.

Thank you very much for your assistance.

Best regards,

WON RAE LEE
