

[TOYOTA LOGO HERE]

TOYOTA MOTOR NORTH AMERICA, INC.

19001 South Western Avenue
Torrance, CA 90501, USA

Date: October 30, 2025

To Whom It May Concern,

This letter certifies that the vehicle described below complies with the European emission standards equivalent to its U.S. Environmental Protection Agency (EPA) and California Air Resources Board (CARB) emission certification.

Vehicle Details:

Make: Toyota
Model: Sienna
Model Year: 2017
Vehicle Identification Number (VIN): 5TDZZ3DCXHS813972
Fuel Type: Gasoline
Engine Displacement: 3.5L

According to Toyota Motor North America's internal emission database, this vehicle was manufactured in compliance with **U.S. EPA Tier 2 Bin 5 / LEV II** emission standards, which are technically equivalent to the **Euro 5** standards under European Union Regulation (EC) No. 715/2007.

Therefore, this Toyota Sienna meets the emission requirements comparable to **Euro 5**, and can be considered compliant with the Low Emission Zone (LEZ) or equivalent urban environmental zone entry criteria applicable in multiple European countries, including but not limited to:

- Belgium (Antwerp, Brussels, Ghent)
- France (Paris, Lyon, Marseille, and other cities with restricted zones)
- Spain (Madrid, Barcelona, Valencia, and other LEZ/low emission zones)
- Portugal (Lisbon, Porto, and other urban environmental zones)
- Germany (Berlin, Hamburg, Munich, and other Umweltzone areas)

This certification can be presented to the relevant authorities for registration or entry purposes within the above-mentioned countries' environmental or low emission zones.
